

Pollinators

Novato

...because of you!

Please join Novato residents in helping our town become a Certified Wildlife Habitat!

Monarchs have declined by 90% and pollinators struggle to survive in suburban 'green deserts'. Let's raise awareness of how planting for pollinators is essential and easy to do!

How You can Help Novato become a Certified Community Wildlife Habitat:

Check out Novato's profile
on NWF's website to learn more:

communitywildlifehabitat.nwf.org

📧 Email the City Council at novatocouncil@novato.org -let them know you support certifying Novato as a Community Wildlife Habitat and encourage the City to prioritize the use of pollinator-friendly plants & sustainable landscaping in public spaces.

Commit to creating a certified wildlife habitat garden in your yard or a pollinator corridor with your neighbors! To learn more go to www.nwf.org/Native-Plant-Habitats or stop by Home Ground Habitats.

🌻 Novato has an invaluable resource in **Home Ground Habitats**, Novato's non-profit butterfly sanctuary & native plant nursery! They're offering plant donations & discounts for residents working on this community-wide initiative.
