

**PROUD TO BE
PLASTIC & FOAM FREE**

**HOLLYWOOD BEACH • CITY BUILDINGS
PARKS & PLAYGROUNDS**

www.HollywoodFL.org/plastic

The City of Hollywood is committed to reducing environmental impacts by becoming more sustainable. One step the City has taken in achieving this goal is to ban the use of single-use plastics and nonbiodegradable containers made from plastic and polystyrene foam on Hollywood Beach and at all City-owned facilities, parks and permitted events.

Around the world, organizations are already saving money and reducing waste by eliminating single-use disposable items and switching to plastic-free containers. All are encouraged to use reusable or biodegradable alternatives when visiting Hollywood. Your efforts will:

- Help to advance the City's sustainability goals
- Contribute to Hollywood's long-term economic vitality
- Remove harmful products from the environment and supply chain

Summary of ordinances §97.08-97.12

- Defines "single-use plastic food service products" as eating and serving utensils, tableware, containers, lids, plates, bowls, cups, straws, wrappings, bottles, bags or other packaging and all similar articles used for transporting or consuming prepared food or beverages and made predominantly of plastic derived from one or more of the following: petroleum, a biologically-based source (such as corn or other plants), polystyrene, polypropylene, or polyethylene.
- Requires the use of reusable materials or biodegradable materials as alternatives.
- Affects anyone on City-owned property, which includes the sandy beach and Broadwalk, City vendors, and special event permittees.
- Applies to new contracts solicited or entered into, contracts renewed, and permits granted after its effective date (October 21, 2020).
- Exemption - Any agreement, service or use that is provided under a declared state of emergency or that is deemed necessary for one or more functions associated with emergency response is exempt from the prohibitions in sections 97.08, 97.09 and 97.10.

Various alternatives to single-use plastics and polystyrene are available, including paper and bamboo items. For more information, visit www.hollywoodfl.org/plastic.
